Climate Funding Bridge Ltd

COMPANY OVERVIEW

Climate Funding Bridge Ltd, trading as ***LirioAI***, is a UK consultancy that designs and delivers climate finance and climate resilience technical assistance for development banks, donors and the firms that implement their programmes. The firm works with financial institutions, governments and small businesses worldwide, and brings in-house visual media and communications capability for training and knowledge products drawing on 30 years of visual design and storytelling for Fortune 500 and FTSE 100 companies including Microsoft, Google, JPMorgan, Wimbledon, McDonald's and Tesco.

CORE CAPABILITIES

LirioAI delivers eleven service lines in-house and fields associate experts for specialist disciplines.

Climate fund readiness and project preparation
GCF readiness, concept notes, funding proposals

Climate finance for financial institutions
Green lending frameworks, taxonomies, products

Climate adaptation and resilience
Adaptation frameworks, resilience indicators

Private sector and MSME climate finance
MSME diagnostics, women-owned MSME finance

Monitoring, evaluation and learning (MEL)
Evaluations, indicators, value for money

E-learning and website development
SCORM courses, learning platforms, websites

Terms of reference and bidding documents
ToRs, evaluation criteria, procurement documents

Climate risk assessment and management
Portfolio risk analysis, TCFD-based policy reviews

Gender equality and social inclusion (GESI)
Gender-climate analysis, gender action plans

Institutional capacity building and training
Training for banks, central banks and advisers

Knowledge products and communications
Reports, guides, photography, video, animation

Climate economics and policy
Scenario modelling, cost-benefit analysis

Associate expert disciplines. The firm fields associate experts in financial and portfolio analysis, energy engineering, stakeholder engagement, legal and regulatory advice at doctoral level, and compliance. Named CVs for each discipline are available on request.

WORKING WITH LEAD FIRMS

LirioAI joins proposals in three ways, and can supply signed CVs and exclusivity letters within 48 hours of a request.

1. Sub-consultant

The firm contracts with the lead firm for a defined scope, such as climate finance, gender or training workstreams.

2. Joint venture or association partner

For selections where climate finance experience and in-house training and media capability strengthen the firm section of a proposal.

3. Individual experts

Liliana Locke or an associate expert joins the lead firm's team as a key or non-key expert, contracted through Climate Funding Bridge Ltd.
